Florida's Enterprise Chart of Accounts Project

Elwood McElhaney is the Project Leader for the uniform reporting of government financial information project that has been assigned to Florida's Chief Financial Officer by the Legislature. He has 37 years experience in systems design and governmental accounting and auditing with the State of Florida.

Mr. McElhaney has served as the Chief of Design for the current Statewide accounting system, the Chief of Accounting for the State Comptroller, the Comptroller of a large State agency and Controller of a State University. He is a Certified Public Accountant and a former president of the Florida Governmental Accounting Management Association, the Florida Association of State Agency Administrative Services Directors, and the Tallahassee Chapter of the Association of Government Accountants.

Mr. McElhaney, as Project Leader for the uniform chart of accounts project will discuss requirements of the law, the current implementation status, and future plans for completing and implementing this project.
